

# ALEPH honoured with EDP Award at Fespa 2018

The European Digital Press Association (EDP) celebrated the winners of their 12th EDP Awards contest during Fespa2018 in Berlin.

The Association includes 21 leading trade magazines covering 27 countries and communicates the best achievements in technology at international level.

Out of more than 120 entries in 2018, just 29 products were awarded and among them the LAFORTE OPTIMA Paper 340, one of the latest developments of LaForte engineering in Aleph.

Created in 1999 in the area of Como, the heart of the Italian textile manufacturing excellence, Aleph is now a company with a solid know-how in the construction of printing machines and in the development of supporting software.

From large format textile printers to drying systems, from proprietary software to consumables, Aleph develops and manufactures technologically advanced products for each individual printing process, and offers reliable after-sales technical support services.

Aleph distributes in USA, UK, India and Turkey through reliable partners.

It has been nominated and rewarded as Best textile printer on transfer paper. The LaForte Optima Paper 340 is a super wide dye-sublimation solution with Aleph standard vacuum belt. This is an unique solution in the market that allows customer to use 340cm paper without having weaving or cockling effect even with very thin paper.
